## **MARS ATTACKS (Switzerland/Austria) - A short band introduction:**

---

Formed in 1998, this Austria/Swiss based band released their debut CD/LP "...Run For Your Life!" in 1999. They later released "Snatch It & Grab It" in 2000 (4-track vinyl EP), "Dirty Tricks" in 2003 (CD/LP), the concept album "Circle of Love" (CD/LP) in 2006, followed by their current release "FOLLOW ME!" (CD/LP on Blue Lake Records). Over the years, the boys have been rockin' all over Europe. They recently added Moscow/Russia to their list. They've also made appearances at UK's Hemsby Rock n Roll Weekender & The Rockabilly Rave, USA's Rockin' 50's Fest II & III (WI), Rhythm Bound (CA) and toured all over the U.S.. They've backed up SUN Records legends Sonny Burgess & Billy Lee Riley as well as Narvel "The Marvel" Felts and "Rockabilly Filly" Rosie Flores. Their stage show consists mostly of originals (including trumpet) and a selection of rockabilly classics. Each live performance is a special encounter – or should we say a special encounter of the third kind.

**...so grab your children, grab your wife, Mars attacks, run for your life!!**
